

Important CareSource 2027 Market and Product Updates

Dear Valued Brokers,

We want to inform you about some important updates to CareSource's markets and product offerings that may impact your clients. As part of our commitment to providing high-quality care and support, we regularly review our plans to ensure they align with our mission to prioritize access, quality, and compassion. **After careful evaluation, we have made the difficult decision to exit the Marketplace in Indiana and to discontinue our Dual Eligible Special Needs Plan (D-SNP) in Georgia, effective starting in 2027.**

Members affected by these changes will continue to receive their benefits through December 31, 2026. Enrollees may continue to enroll through the end of the 2026 calendar year and during the upcoming fall open enrollment period, they will have the opportunity to choose an alternative plan to ensure their care continues without interruption. We will be sending notifications to all impacted members at a later date. We appreciate your support in minimizing member abrasion during this process.

Thank you for your attention to this important update.

**Please feel free to reach out to our team
if you have questions.**
